

Surface Resistance Meter SRM 110

Description

- Pocket size, lightweight, auto ranging surface resistance meter
- Internal parallel electrode (see picture below)
- EN 61340-4-1 probes can be externally connected.
- Measures automatically with 10V and 100V
- Battery operated

Caution: Touching the electrodes with energized or static highly charged objects might damage the instruments.

Technical specifications

Test voltage

10V, 100V

Range

$< 10^3 - 10^5 \Omega$

$10^6 - > 10^{12} \Omega$

Standard

EN 61340-5-1

EN 61340-5-1

Accuracy

$\pm 10 \%$

Battery

Low battery warning
indicated via flashing

Physical specifications

Dimensions

130 x 65 x 31 mm

Accessoires

- Instrument SRM110
- Carrying bag
- 9V-battery (installed)
- Grounding cord
- User's manual
- Calibration certificate

1 year limited warranty

Recommended calibration interval: 2 years
