MEASURING TECHNOLOGY FOR INDUSTRY

WHEN PRECISION COUNTS. KERN – YOUR RELIABLE PARTNER FOR INVENTORY

KERN the certified specialist for weighing and measuring technology, is Germany's oldest precision scale factory. By focusing on quality and developing customer-oriented products, KERN has stood for precision, service and quality worldwide since 1844. Our product range includes an enormously wide range of compact table-top counting scales, counting

scales with 3 displays for a complete overview, counting scales with self-explanatory, graphic-supported control panel and high-resolution counting systems for large quantities of material to be counted. Are you looking for customised system solutions for yourself or your customers? Our sales and service team will be happy to support you.

Precision,
reliability,
quality.

That's what we
stand for!

Counting scale KERN CIB

- + Robust counting scale with large article memory, convenient operating philosophy and checkweighing display, counting resolution up to 30,000 points
- + Innovative counting with tolerance range (Checkweighing): The counting process can be supported visually and/or audibly and this therefore makes portion division, dispensing and grading easier

only € 280,-

Counting scale KERN CPB

- + Professional model, also with EC type approval [M], counting resolution up to 60,000 points
- + Precise counting: The automatic reference weight optimisation of reference weight gradually improves the average piece weight value
- + Counting results memory: adds up all individual piece counts, result is shown in total weight and total pieces

only € 310,-

Counting scale KERN IFS

- + Industrial counting scale with convenient decimal keypad for easy data entry – now also with EC type approval [M], counting resolution up to 75000 points
- + Three displays for weight display, reference weight, total piece
- + 100 item memories for master data such as reference weight, reference quantity, container weight (PRE-TARE) etc.

from € 510,-

Counting system KERN CCS

- + Counting system to count the smallest parts in large quantities, maximum number of parts which can be displayed is 999,999
- + The highly accurate KERN CCS counting system can replace a whole range of individual balances, efficiently and at a reasonable price
- + Memory (PLU) for 100 items with additional text, reference weight and tare weight, e.g. of a container

from € 710,-

All prices plus VAT, subject to prior sale,
only while stocks last
